

Profile – Shri S.C. Mishra

Patron, Nari Pragati Social Foundation (NPSF)

Shri S.C. Mishra Ji is a distinguished professional with decades of service in infrastructure development, public works, and civic management. His exemplary career includes leadership roles in the U.P. State Bridge Corporation Ltd. and Noida Authority, where his commitment to quality, timeliness, and innovation earned him numerous commendations and awards from senior officials, government bodies, and national institutions.

Key Career Highlights:

Infrastructure Excellence:

Successfully led construction of major bridges and flyovers across India, including the iconic Dhaula Kuan Flyover, Krishna River bridges in Vijayawada, and elevated roads in Noida.

Recognized for exceptional performance in completing high-volume concrete works, large-scale approach roads, and critical river crossings.

Public Administration & Civic Achievements:

As Head of the Public Health Department, Noida (2019–2021), spearheaded Swachh Bharat Mission initiatives that elevated Noida's cleanliness rankings to 1st in Uttar Pradesh and among the top cities nationally, including a 5-Star Garbage Free City ranking.

Noida was awarded India's Cleanest Medium City in the 3–10 lakh population category under his leadership.

Awards & Recognition:

Multiple appreciation letters from CEOs of Noida Authority and senior engineers for quality construction, traffic management, and event arrangements for high-profile occasions—including the welcome of Hon'ble Prime Minister Narendra Modi and the President of South Korea.

Best Concrete Structure of the Year 2017 Award for the elevated road from Shopprax Mall (Sector 61) to Vishwa Bharti School (Sector 28), Noida.

Contribution to NPSF:

As Patron of Nari Pragati Social Foundation, Shri S.C. Mishra brings his vast administrative experience, dedication to public service, and visionary leadership to support the organization's mission of women's empowerment, education, health, and community development. His guidance strengthens NPSF's ability to execute impactful projects with efficiency, transparency, and sustainable results.
